Pocket Sized *Light-N-Carry* COB LED Work Light Model LNC1241

Clore Automotive introduces a new a 200 Lumen COB LED Work Light, Model No. LNC1241, from *Light-N-Carry*. The LNC1241 is an ideal tool for busy technicians, combining a compact size, steady lumen output, long run times, multiple lighting functions, a dust/water resistant housing and an easy-to-use micro-USB charging system.

Its compact size fits easily into a pocket and provides a great hand feel when performing an initial assessment on a vehicle to be serviced. Its 200 lumen max output work light function provides clean, pleasing illumination for general task lighting and pinpoint precision work. It also features a low work light function at 60 lumens for those applications where 200 lumen output is not necessary. Its work light function is powered by advanced COB LED technology for clear, bright viewing, elimination of hard edges, and delivery of cool, pleasing light. It also features a 60 lumen SMD focus beam function.

The LNC1241 adds numerous features to help technicians be more effective and more efficient in their tasks. With a 4-hour run time in the high work light setting, the LNC1241 can illuminate a workspace even for extended application requirements. Its rugged GRIP-TECH housing provides assured, nonslip handling while also providing IP54 protection from dust and water. It features a 180° swivel handle with magnet mounting as well as a hang hook to enable ideal placement for most applications. It utilizes a micro-USB charging system for fast, easy and convenient recharging.

The LNC1241 includes a wall charger with braided micro-USB charging cord and a Repair Service Coupon. The Repair Service Coupon enables a one-time, fixed fee repair of the unit after the warranty period, regardless of the reason for the failure (*original coupon required at time of redemption*).

Clore Automotive is a leader in the design, development and manufacture of automotive service equipment for professionals and consumers, including jump starters, battery chargers, battery testers, power inverters and LED lighting solutions. Clore Automotive products can be found in a wide variety of outlets servicing professionals and automotive enthusiasts, including auto parts stores, mobile tool dealers, industrial MRO distributors, farm and ag outlets and more.
