Press Release

March 11, 2019

New *Light-N-Carry* Magnetic Lighting Bar Mount, Model No. LNCBAR

Clore Automotive introduces the ARM-BAR Magnetic Lighting Bar Mount, Model No. LNCBAR, from Light-N-Carry. The ARM-BAR offers convenient mounting of Light-N-Carry work lights and A/F/S lights under the hood of any vehicle being serviced.

Featuring expanding arms and articulating hooks with 360 degree adjustability, the ARM-BAR provides engine light coverage in a fully adjustable format. Rubberized hooks ensure that the vehicle's finish doesn't get scratched, and its robust aluminum chassis holds up to the harshest of shop environments. The ARM-BAR is compatible with all Light-N-Carry Work Lights and A/F/S Flood lights and can also be used with any light that features magnet mounting capabilities.

Clore Automotive is a leader in the design, development and manufacture of automotive service equipment for professionals and consumers, including jump starters, battery chargers, battery testers, power inverters and LED lighting solutions. Clore Automotive products can be found in a wide variety of outlets servicing professionals and automotive enthusiasts, including auto parts stores, mobile tool dealers, industrial MRO distributors, farm and ag outlets and more. More information can be found at www.cloreautomotive.com.
