## **Light-N-Carry COB LED Flood Light Model LNC2150**

Clore Automotive is excited to present our 1000 Lumen COB LED A/F/S Light, Model No. LNC2150, from **Light-N-Carry**. The LNC2150 provides a great answer when it comes to the tasks of Area/Flood/Site (A/F/S) light illumination. Whether on a building site, in an industrial environment or in an automotive garage, **Light-N-Carry** A/F/S lighting solutions provide bright illumination, long run times and easy recharging. The LNC2150 combines advanced COB technology, high lumen output, dust/water resistant housing and an easy-to-use micro-USB charging system.

The LNC2150 features three intensity settings (1000/500/300 lumen), allowing the operator to select the setting that best meets their needs based on the application performed. Its A/F/S light function is powered by advanced COB LED technology for clear, bright viewing, elimination of hard edges, cool, pleasing light and low power consumption.

The LNC2150 features a 180° swivel arm with magnetic mounts and hardware mounting holes to allow it to be mounted in a variety of methods. Its anodized aluminum housing provides IP64 dust/water ingress protection for durability in tough work environments. The unit also functions as a USB power bank to charge small electronics. Backed by a 1 Year Limited Warranty, it includes a coupon for a one-time, fixed-fee service after the warranty period has ended.

Clore Automotive is a leader in the design, development and manufacture of automotive service equipment for professionals and consumers, including jump starters, battery chargers, battery testers, power inverters and LED lighting solutions. Clore Automotive products can be found in a wide variety of outlets servicing professionals and automotive enthusiasts, including auto parts stores, mobile tool dealers, industrial MRO distributors, farm and ag outlets and more.
